

BIDEN'S ECONOMIC CRISIS

As if things did not need to get any worse ...

WEAK AUGUST JOBS REPORT

- Only 235,000 jobs compared to expected 720,000
- 8.4 MILLION Americans remain unemployed, despite there being 10.5 MILLION job openings in America.

IT'S TIME TO ADDRESS THE CAUSES OF BIDEN'S ECONOMIC CRISIS

- Spending sprees like the \$3.5 TRILLION tax and spend plan
- Inflation (TAXATION) has gone up every month since Biden became President, yet he maintains that no taxes will affect the middle class.

WHAT DOES THIS MEAN FOR YOU? YOU ARE PAYING WAY MORE FOR JUST ABOUT EVERYTHING!

- Gasoline is **UP 42.7%**, Propane is **UP 22.6%**
- Airfare is **UP 6.7%**
- Car + truck rentals are **UP 52.6%**
- New vehicles are **UP 7.6%**
- Used cars + trucks are **UP 31.9%**
- Public Transportation is **UP 8.4 %**
- Hotels + Motels are **UP 19.6%**
- Televisions are **UP 13.3%**
- Living room, kitchen + dining room furniture are **UP 12%**
- Sporting goods are **UP 7.6%**
- Beef + veal are **UP 12.2%**, Steak is **UP 11.3%**
- Bacon is **UP 17.0%**, Eggs are **UP 9.9%**
- Chicken is **UP 7.2%**
- Fish + seafood are **UP 10.6%**
- Apples are **UP 5.6%**, Lettuce is **UP 5.2%**, Salad Dressing is **UP 8.7%**
- Trousers + Pants are **UP 6.6%**, Dresses are **UP 11.9%**

It is SIMPLE: inflation = taxation! While Biden and the Democrats are ramming through a crippling \$3.5 TRILLION tax hike + spending bill, they maintain their argument to the American public that there is NO COST to the middleclass, when in fact it will be funded straight from OUR pockets *as the above examples show*. Biden's policies are incentivizing Americans to stay out of the workforce, which will continue to result in skyrocketing inflation and preventing economic growth. Americans are **paying more** and **earning less**.
