

Beaufort County Republican Party

"Your Conservative Voice"

Tuesday, November 2, 2021

Dear Senator Graham:

As the duly elected representative of the Beaufort County Republican Party (BCRP) I would like to first express our thanks and appreciation for your past works and efforts on behalf of the people of Beaufort County! As we are leaders in the Beaufort County Party, we make every effort to support our "Republican Values" in all our efforts and as our senior Senator, you are also a leader in our Party here at home and in Washington, D.C. and we expect the same from you.

As a follow-up to the South Carolina Republican Party Executive Committee's (SCRP) letter to you regarding your vote for the recent infrastructure bill. We feel the proposed law is in direct conflict with our principles and our Party platform. We would like to go on record with you that we feel your vote for the recent infrastructure bill conflicts with the principles in our Party platform. We agree with the State Party; we firmly believe that the tremendous spending increase in this bill will add to an already incredible national debt which will be virtually impossible for future generations to pay off. Additionally, we believe that it endangers our nation's solvency.

We also believe this bill will hurt the middle class and inevitably lead to higher inflation. You carried Beaufort County by a very large majority and it was directly due to the efforts of our membership in this past November's election. At the present time many of our members are angry. Our members come to us for answers and with this bill and your vote for it, we were left flat footed and without reasoning. Many of the republican club members within Beaufort County tried calling your district office and wrote letters to your district offices and Washington, D.C. office for answers. They were met with either voicemails or canned letter responses. This led to several counties passing a censure resolution.

Since there seems to be a stark difference in opinion about this bill, we will actively participate in the meeting the SCGOP requested. We look forward to meeting in person with you to discuss our concerns and personally hear your reasoning behind your vote.

As stated in the State Party's letter our nation is at a critical point just eight short months into the Biden's presidency. Our focus continues to be on electing Republicans, defending our conservative and beating back the Democratic socialists/Communists' values in the process. We want to continue the success we had in Beaufort County in 2020 into 2022 and beyond.
